Pyrotechnic Activator	PESO Approved	
EN. Number	EN 3-7+A1:2007 & EN 3-8:2006	

AFO is a fully automatic fire extinguisher, it has been designed with our unique “Cloud seed Expansion (CSET)” technology, considering human reaction and environment, it gets self-activated once in contact with fire flame extinguishing the fire within its range with explosive sound alarming the surrounding area, it works even in the absence of human thus guarding lives and property without polluting the environment.

- Self-Activating
- Built-in Alarm
- Lightweight
- Easy to use
- Fast and effective
- 5 Years Life
- Maintenance Free
- Zero False Alarm Non-Hazardous, Non-Toxic No writing & Ducting require Zero Malfunction
- Lighting fast operations Compact in size
- Negligible installation
- Works Automatic & Manual

Applications

AFO can be placed on a shelf top, tabletop, along the hallway or any visible area of easy access,

AFP is best mounted in high risk areas such as kitchens, electrical circuit breakers, overloaded electrical outlets, or near fireplace.

THE WORLD,'S FIRST AUTO FIRE EXTINGUISHER BALL

Fire Extinguisher Ball-Auto Fire Off, is a smart fire extinguisher that works on the principle of heat sensitivity & requires no discharge mechanism.

As soon as its exterior comes in contact with fire, it explodes, displacing the oxygen around & rest is taken care by fire extinguisher agent.

Removing the usual complication associated with fire extinguisher operation, it can be easily installed at a fire prone area or can be rolled into a live fire, its exploding sound marks your triumph over fire

Technical Specification

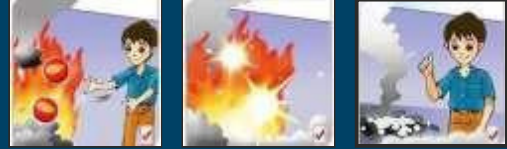

Dimension	Sphere - 152mm / 190mm / 230mm
Weight	1.3 kg / 2.5 kg / 5 kg
Gross Weight	1.3 kg / 3 kg / 5 kg
Type of Extinguisher	Non-Toxic Mono-Ammonium
Media Activation	Phosphate Flame Activated
Mechanism Outer Layer	Pent Foam
Material	PVC Foam
Inner Layer Material	1A & 5B
Fire Rating	120 DB (on activation)
Alarm Sound	6 sq.mtr. / 14 sq.mtr. / 22 sq. mtr.

Product Features

- Self-Activating Mechanism Doesn't require any human intervention.
- Very Lightweight can be used by anyone.
- Easy to use Ideal for fire prone areas, such as : above electrical circuit breaker, kitchen gas stove etc.
- Made from human and environmentally friendly materials.
- Can extinguish a fire of 6sq m (Class A) / 60L (Class B) / 12sq m / 20 sq m

(Active Use) Throwing Fire Extinguisher ball into the fire

When a fire erupts, take the nearest available fire extinguisher ball and simply throw it into the fire. The ball will naturally fall into the base of the flame where it is most needed and activated within 3 seconds. No need to pull pins, or to get close to the fire, no special training or skills required.

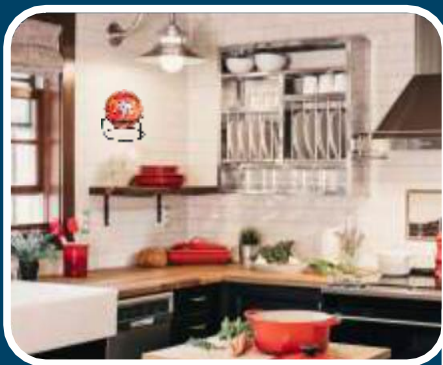

(Passive Use) Self Activating Mount

One of the great benefits of Fire Extinguishing Ball is the fact that it can self-activate in the presence of fire when no-one is present. If positioned in the appropriate high-risk area where most fires are likely to start, it will self-activate upon and reaching the appropriate temperature and extinguish the fire.

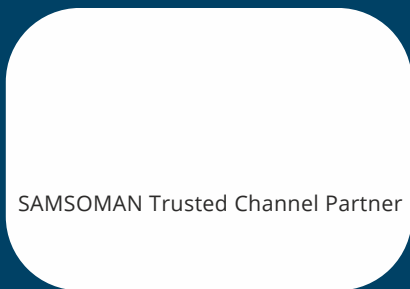

*Tested From NABL, FTRL

Fire Safety Locations

Why Choose Us?

- The leading manufacturer in India
- Highest customer satisfaction and customer base
- PAN-India and Global presence.
- High quality innovative & latest technology-
- Fire Protection Services
- Affordable and longer durability
- Check barcodes before buy original AFO

Our Vision

To make society aware of the importance of fire safety.

To provide fire safety to each and every citizen of Oman.
